

CMAS 2019

25th & 26th April 2019

Sheffield

www.cmas2019.org

We would like to invite you to join us for the 18th Annual Meeting of the Clinical Movement Analysis Society. We are trying to make the programme as useful as possible for all interested in clinical movement analysis, hence a full programme including keynote lectures, free paper presentations, case presentations, poster presentations, workshops and group discussion. There will also be plenty of opportunities for interaction with our exhibitors and other delegates attending the meeting.

The themes of this year's meeting are based around balance, how motion analysis can be used to investigate this and its impact on gait, and pushing the boundaries of clinical motion analysis.

Registration:

Registration is now **OPEN!**

Early bird registration closes on Friday 8th February 2019.

Please see <https://www.cmas2019.org/registration> for full prices and link to registration payment page.

Abstracts:

Call for abstracts is now **OPEN!** Both oral and poster presentations are available. Deadline for abstract submission is **Friday 1st March 2019**. To encourage submissions, all authors with accepted abstracts (oral or poster) will be able to pay Early Bird registration fee (until 29th March). All authors will be contacted by Friday 15th March to inform if they have been accepted. There are also two prizes available:

Best Paper Prize: sponsored by Vicon – registration to ESMAC 2019.

Best EMG Paper Prize: sponsored by Delsys – prize to be confirmed.

Please see <https://www.cmas2019.org/abstracts> for full guidelines and submission details.

Case Studies:

We will be requesting clinical labs with a delegate attending the conference, to also submit a clinical case study for presentation to the audience. The aim is to promote audience discussion on what novel techniques could be used to help provide further information to help treatment planning / improve outcomes. To assist preparation, an example submission will be made available on the website in due course.

Keynote Speakers:

- Dr Claudia Mazzà (PhD): Reader in Biomechanics, Department of Mechanical Engineering, INSIGNEO Institute for in silico Medicine, University of Sheffield.
 - Keynote Talk: Patient-specific musculo skeletal models: one step further for gait analysis?
- Professor Gabor Barton (MD, PhD): Professor of Clinical Biomechanics, School of Sport and Exercise Science, Liverpool John Moores University.
 - Keynote Talk: Advanced approaches to tackle complex data in clinical applications of movement analysis.
- Dr Raymond Reynolds (PhD): Senior Lecturer in Motor Control, School of Sport, Rehabilitation and Exercise Science, University of Birmingham.
 - Keynote Talk: TBC.

Workshops:

- Active Markers: Codamotion (Thursday 25th April 2019)
- STP Trainee Workshop (Friday 25th April 2019)
- TBC OpenSim: Dr Claudia Mazzà (Thursday 25th April 2019)

Venue:

CMAS 2019 will be held in Sheffield Hallam University, Cantor Building, 153 Arundel Street, Sheffield, S1 2NU. The evening gala dinner will be held at the University of Sheffield, INOX, Level 5, Students' Union Building, Durham Road, Sheffield, S10 2TG.

Please see our website www.cmas2019.org for full event details.
